2024

PREMISE

The Università Cerca Lavoro (UCL) Cultural and Social Advancement Association has designed and promoted since 2007 the artistic project "Tulipani di Seta Nera" International Social Festival of Cinematic Arts (FTSN). The aim is to bring stories about diversity (disability, world of work, poverty, ethnicity, gender, points of view and sustainable development) and fragility of people and places to the attention of society, media, and institutions through the immediacy of short films, documentaries, video clips and digital series. For seventeen years we have pursued the goal to create moments of cultural growth, through the world of cinema, capable to interrogate the national and international community about the issues of integration and sustainability, without ever seeing diversity as an object of pity. Our main purpose is to give prominence to people's diversity, highlighting their skills and hopes, helping different points of view to dialogue, telling stories about social issues through the big screen.

1. EVENT VENUES AND DATES

The Festival will take place **from 9 to 12 May 2024** in Rome (Italy). The Promoters reserve the right to communicate later venues, schedules and further notices, which will be published on the official Festival website www.tulipanidisetanera.it.

The Promoters also reserve the right to change the dates of the Festival if necessary. In particular, in compliance with the anti-Covid regulatory provisions, the event could be subject to changes and postponements of dates.

2. PROJECTS AND REQUIRED DOCUMENTATION

The "Tulipani di Seta Nera" International Social Festival of Cinematic Arts reflects on the themes of **diversity and fragility**. The event aims to promote the works of accomplished or budding filmmakers who could be film school students, graduates or directors, as long as authors are capable, by means of their work, not only to **"tell stories about one kind of fragility, but to value the core of diversity, protecting people from violence, discrimination and marginalization"**.

The **#SocialClip Awards** are dedicated to the video clips, as the main artistic means for a journey around the world of music and web. Through musical video clips (by majors or independent producers), we want to emphasize how lyrics and music can tell stories of great social value as long as music is an universal instrument of communication. This award category, which wants to involve also the younger, allows and encourages the use of smartphones for filming, as they have now become the communication means of everyday life par excellence and they are also used for the creation of video clips by professional singers.

Each **#SocialClip**, **lasting no more than 4 minutes**, must be presented in .mp4 video format and in two versions: **one with and one without subtitles in Italian** and must be accompanied by the mandatory complementary documentation that will be communicated by the secretariat after having pre-registered via the online form on the site www.tulipanidisetanera.it.
